

1500 SERIES BEDDER FINISHER

WIL-RICH®

FEATURES:

Frame

3 x 7" heavy duty toolbar

Hydraulics

4 wing fold cylinders

Hitch

Cat 3; Cat 3N; Cat 4N

Conditioning Basket

Front: 8-1/4" x 1-1/4" flat bars

11" diameter

Rear: 10-.84" roundbars

13.8" diameter

Shanks have easy-to-read depth markers for consistent depth across the tool.

Bed shanks and optional furrowers penetrate the ground to break up soil and build a raised seedbed.

Above: The Wil-Rich 1500 Series Bedder Finisher has four wing fold cylinders and folds to 20'5" ft for easy transport.

The Wil-Rich 1500 Series Bedder Finisher is the perfect tool for creating a finished and conditioned raised bed. The Bedder Finisher penetrates the ground to improve irrigation and drainage by forming a raised bed and shaping irrigation and drainage furrows in a single pass. This machine mixes, smooths, and firms the ground, preparing your fields for even emergence of crops. As a one-pass preparation tool, the Wil-Rich 1500 Series Bedder Finisher saves time, fuel, and labor costs by combining several field operations.

The heart of the 1500 Series is the 5-bar cutter reel. The spiral design is made with $3/8 \times 4\frac{1}{8}$ " plow share steel to penetrate the ground up to four inches, breaking up clods, incorporating chemicals, and leveling the top of the seedbed. Self-aligning bearings on the cutter reel are triple lip sealed with a guard to protect from dirt and residue.

The 12-row 1500 Series Bedder Finisher has shanks with optional furrow shovels located in front of and behind the cutter reel for a clean and well-shaped furrow. The shanks can be adjusted to both align between the rows or one in between and one on the row to work existing beds with a sweep.

The 1500 Series features double conditioning baskets with a flat bar basket in the front and round bar basket in the rear to reduce clod size, as well as level and firm the soil to optimize the seedbed for more even germination and emergence.

Available with Category 3, 3N, or 4N hitches and either red or green color, the Wil-Rich 1500 Series Bedder Finisher is designed to fit your operation.

1500 SERIES BEDDER FINISHER SPECIFICATIONS

		REELS		TRANSPORT			
MODEL #	WORKING WIDTH	CENTER	WING	WIDTH	HEIGHT	POWER REQUIRED	WEIGHT
12 Row - Folding with 36", 38", 40" row spacing							
1500	39'2"	9'6" (2)	9'6" (2)	20'5"	8'6"	200-250 hp	10,300 lbs.

Wide gauge wheels provide better flotation and less compaction in soil.

Optional spring-loaded conditioning baskets have a double, flat bar/round bar design reducing clod size and firming the soil for even germination.

FEATURES:

Cutter Reel

5 cutter bars per reel
Spiral cutter bar: $\frac{3}{8} \times 4\frac{1}{8}$ " plow share steel
Triple lip sealed bearings with lube fitting

Parking Stands are standard equipment

Safety Equipment

Transport warning lights
SMV sign

Gauge Wheels

The 5-bar cutter reel penetrates the ground up to four inches to break up clods, incorporate chemicals, and level soil. The spiral configuration of the reel blades distributes impact evenly.

Bearing guards on the self-aligning bearings protect against dirt and residue.

The pitch on the conditioning baskets can be easily adjusted to put more pressure on the front or back.

Available in red or green.
